### Community and Social Benefits

Our Social Value delivery programme continues with Hub South West Scotland and Morrison Construction continuing to engage within local schools, colleges, and the wider community.

Most recently, we held a Meet the Buyer event on Tuesday 18 February at the Old Monkland Community Centre, this event allowed local businesses to connect with our site delivery and procurement teams. Businesses had opportunity to learn about supply chain opportunities, and begin the onboarding process with Morrison Construction in relation to potential opportunities.
